My comments exposing Trump that Social Media censors

Trump's former lawyer and mentor Roy Cohn was a major mob lawyer for gangsters like Gambino boss John Gotti and Genovese boss Tony Salerno.

Trump was fined millions by the federal government for enabling money laundering at his casinos by organized crime including the Russian Mafia.

Trump used Genvoese owned S&A Concrete for his building in Manhattan.

Trump purchased part of his property for his casino from the Philly mob hitman Salvatore Testa for twice its market value.

Nat Nat Construction owned by the Merlinos the current bosses of the Philly Mob worked at Trumps casino.

Rudy Giuliani's father was an enforcer for a mafia loanshark.

Kellanne Conways grandfather was a Philly gangster.

Trump is connected with the Russian gangster Felix Sater who was indicted with Italian mobsters for stock fraud.

Trump was in business with John Staluppi who is excessively connected with the Colombo crime family.

Trump was in business with the UFC owned by the Fertittas who are married with the Maceos the bosses of the Galveston crime family.

Trump was a long time Democrat and close friend of the Clintons who went to his wedding. Bill Clinton was a frequent golf buddy of Trump. Trump donated 100k to the Clinton Foundation. Trump in a video interview said he supports abortion. Trump was a long time friend of Epstein and named in a lawsuit with Epstein for the rape of a minor. Trump can be seen with Epstein in numerous photos as parties. Trump and Epstein were nearby neighbors in New York and Florida. Trump said Epstein was a "Terrific guy" Trump flew on Lolita Express. Fox asked Trump if he

would release documents on 9/11, JFK, and Epstein. Yes, Yes, and Yes but not so much on Epstein were his responses. Trump bragged on Howard Stern show that he would walk in on naked teen girls at his beauty pageants. Trump stated on audio recording when your rich and powerful you can grab women by the pussy. He bragged about sexually assaulting women. Trump is a NYC sleazy businessman/conman currently playing the role of a Christian Conservative. Trump said after a mass shooting "Just take the guns and due process later" Bump stocks were banned under Trump which Trump supported. Trump praises Putin, Xi, and Kim who are all communistic or communist leaders as strong and smart. Trump is using the Communist fist at nearly every public appearance. The same exact communist fist as Xi the communist dictator of China uses.

Kim Jong Un is a Swiss educated Freemason. The Savoys are former Italian royals and imperialists who were banished from Italy for putting Mussolini into power. The Savoys moved to Switzerland and in recent decades have been private bankers and arms dealers working for Agusta which violated sanctions and provided weapons to the PLO and Iran. Prince Vittorio Emanuele IV of Savoy who has been investigated for mafia corruption was a member of the P2 Masonic Lodge called Propaganda Due where Italian politicians, and military and intelligence agents along with members of media and the Vatican conspired to monopolize power. The Savoys are heavily intermarried with Genoese aristocratic bankers like the Dorias who were Doges of Genoa which ruled the Black Sea region and controlled trade in and out of Russia. Prince Vittorios wife is a Doria. Former Genoese aristocratic Doge bankers the House of Grimaldi are today the ruling monarchs of Monaco a small nation centralized around casinos.

The Russian mafia have large documented criminal operations in Monaco and Monte Carlo. They launder criminal profits at casinos like the Russian Mafia did with Trumps casinos which Trump was fined millions for by the federal govt. Vladimir Putin is a very close friend of Prince Albert II of Monaco and they can be seen together many times over the past few decades. Prince Albert knighted Putin as well. Today Prince Aimone of Savoy-Aosta is the Ambassador to Moscow for the Sovereign Military Order of Malta and previously was a top executive at Pirelli Russia. Prince Aimone of Savoy-Aosta has had documented meetings with Putin. The Savoys are an ancient family and put into power by the House of Hanover formerly the House of Welf. Prince Albert II of Monaco's sister is married to the current head of the Hanovers Prince Ernst Agustus and his son's wife is a Russian model. The Hanovers were also involved with the Nazis. The Hanovers are currently married with the Lieningens who are married with the Romanovs and the Lieningens are claimants to the Russian throne today.

The Savoys who put Mussolini into power made the Fascist military leader Prince Armando Diaz the "Prince of Victory" for his military achievements. His grandsons today are Prince Moroello and Prince Sigieri Diaz Della Vittoria Pallavacini and they are international private bankers.The Pallavcinis were also Genoese bankers of the old republic before expanding as aristocrats of Rome through Vatican papal marriage with the Rospigliosis, and also Milan, and Austria. Margrave Alphonse Pallavcini an Austrian member of this family was a top executive at Paribas Russia and his wife is the sister of the Queen of Belgium. The Milanese Prince Giancarlo Pallavcini was a Soviet economist and economic advisor to Russia. The Pallavicinis are leaders of Shiah Islam in Italy today with the Prince/Imam Yaya Sergio Pallavicini. The Pallavicinis are also currently married with the Afghani royal family with Princess Lucia Pallavicini. The Iranian royals the Pahlavis share a similar name with the Pallavicinis and the Pahlavis are closely connected with the Vatican and Italy after being kicked out of Iran. The Ishamali royals with Aga Khan also part Iranian live in Italy and Switzerland and are also Vatican/Italian knights.
